HEALTHY HIGH-PERFORMANCE CLEANING BEST PRACTICES WORKSHOP

Performa's Healthy High-Performance Cleaning Workshop will provide any supervisor or leader in the cleaning industry with an understanding and a roadmap on How to Create Healthy High-Performance Cleaning Teams which lead to superior results!

These best practices are grounded in Cleaning for Health (AKA Green Cleaning Best Practices) and can lead to healthier, safer, more productive workers and occupants, as well as cost-effective buildings. You will walk away with newly gained knowledge and an action plan to focus your efforts. The 2-Day workshop includes the HHPBP Workbook (a \$190 value), Inspection tools, ROI calculators, Take-away Action Plan, Knowledge Check and Certification upon passing, and much more...
